

# INSTRUCTION GUIDE

## PULLOUT SHELF

1

Install your drawer slides. Align the holes and screws as shown above. Ensure that the shelf does not collide with the door hinges.

2

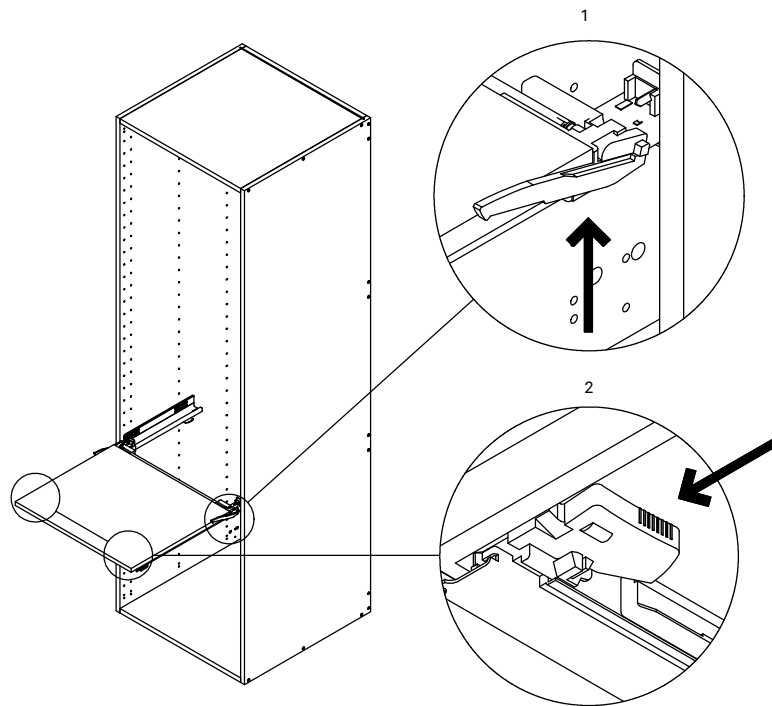

Install plastic pieces to your drawer slides. Make sure to repeat it on the other side.

3

Place the shelf onto the open drawer slides, lift the lock in the back and slide it in.

4

You made it.

To remove your shelf, lift the lock while drawer slides are extended and press on the two orange levers simultaneously to lift it up.
